BROOKWOOD MARCH BREAK 2018 CAMP

March 12-16 (8:00 a.m. – 4:00 p.m.)

Brookwood is excited to announce the return of our popular March Break Camp for current Brookwood students in PreK-Grade 5 during the week of March 12, 2018. Camp will run from 8 a.m. to 4 p.m. daily with the option to add an additional hour of care until 5 p.m.

PREK/K PROGRAM

Anya Ciarametaro and Lindsey MacDonald, Instructors

The PreK and K group will celebrate the first week of March Break with a fun camp at school! Each day we will have a special surprise theme that we will reveal each morning. On our **Winter Wonderland** day, we will have fun making snow slime, playing “freeze” tag in the gym, and (if we have real snow outside) get to have a snow creation contest! The Winter Olympics just happened, and it’s time to train our own athletes. We’ll have a fun **Olympics** themed day making our very own torches and medals and get active in an obstacle course! After two days of winter fun, we’ll switch gears to **Beach Day!** We’ll make ice cream, play with sand, play beach games, and make sea creatures! Get ready to hone your super powers on **Superhero** day! We will make our own masks, make “Kryptonite Krispies” (rice crispy treats), and do some superhero training. And finally, we will cap off the week with a **PJ Party Day!** We’ll wear PJs (we’ll let them know ahead of time), grab our stuffies, and close our week in a cozy way. We’ll play sleepover games and finish our day with a movie!

Snacks will be provided daily (let us know about any allergies or dietary restrictions), but children will need to bring their own lunches. Reminder: Brookwood is a nut-free campus.

GRADES 1-3 PROGRAM

Lindsey St. Louis, Instructor

Calling all 1st through 3rd graders! Join us during the first week of March Break for five days of themed activities, crafts, and fun! It all kicks off with **Mystery Monday** when students will learn to break codes, read invisible ink, and match fingerprints to solve our very own mystery! Next, we’ll **Mix It Up** and mess with mixtures. Students will explore the science of goop, slime, bubbles, and foam while creating their own mixtures to play with and take home on Tuesday. On Wednesday, we’ll be preparing for the change in seasons during **Spring Fling**, and we’ll help our feathered friends prepare, too! Students will make suncatchers, bird feeders, and take a walk around campus to scatter nesting materials for our migratory friends. On Thursday, we’ll explore all the different ways Brookwood students can **Go Green** in March! We’ll celebrate our school spirit, St. Patrick’s Day, and caring for our environment by making crafts with recyclables. We’ll close out the week by getting cozy in our pajamas at **Camp Brookwood**. Students will take part in camp crafts, games, and songs, some old and some new. We’ll finish our day by watching a movie from our own blanket forts that we’ve built in Town Square!

Snacks will be provided daily (let us know about any allergies or dietary restrictions), but children will need to bring their own lunches. Reminder: Brookwood is a nut-free campus.

GRADES 4-5 PROGRAM

Trevor Johnson, Instructor

During the first half of the day, the fourth and fifth grade program will revolve around **Recycled Projects!** Did you know that two empty liter bottles of Coke could be an aquarium? Did you ever think that your old water

bottle could transform itself into a wind powered car? Ever think that those boxes you got from Amazon could be transformed into a gigantic fort? This week will be all about creativity for the Middle School at Brookwood. We will use recycled materials to create awesome new projects. Imagination encouraged. Throughout the afternoon, we will switch gears and focus on **3D Printing**. Taking advantage of the seven 3D printers at Brookwood, we will use a program called Tinkercad. Fifth grade students will upgrade their knowledge to design pieces for a project of their choosing. Fourth grade students will get an introduction to this fascinating yet user-friendly software and will design and build some unique things of their own.

Snacks will be provided daily (let us know about any allergies or dietary restrictions), but children will need to bring their own lunches. Reminder: Brookwood is a nut-free campus.

BONUS PROGRAMMING!

Enrique Polletta, Instructor

Every day during the camp week, Mr. Polletta will work with each group for 30 to 60 minutes of structured soccer activity! Have fun while honing your soccer skills along the way.
